

## **Chairman's Report – March**

### **Village Gateways**

There are a few issues still to be resolved but feedback from villagers has been predominantly positive.

### **Waiting Area for Bus Users**

This would have to be provided by NCC. It could be funded from Parish Partnership or CC Member's Funds. Something to consider when either becomes available.

### **Speedwatch**

Although hampered by the weather, the Speedwatch Team are still doing their best to educate speeding drivers. The Police Speed Team were in the village last weekend, as per the agreement reached at the last SNAP meeting.

### **Riparian Law**

The leak in Long Street has recurred but the cause has been identified. Hopefully the resident with responsibility to fix it will do so soon.

### **Roundabout Planting Scheme**

A drought resistant planting scheme has been prepared. The plants will be sourced in time for prime planting season. A call for volunteers will be made via the Pump & Susan Hicks' Facebook page.

### **Great Ellingham - Primary School & Pre-school**

Due to the ill-health of a representative of the Pre-school, the meeting scheduled to further our discussions did not take place. We'll try again soon.

### **New Village Hall**

I followed up on the action points identified for me in last month's minutes and propose to place an item on next month's agenda.
